EEG 141 1-well gas
EEG 142 2-well gas
EEG 143 3-well gas
EEG 144 4-well gas

EEG 143 3-well gas open fryer

Henny Penny Evolution Elite® open fryers use innovative technology to extend the useful life of cooking oil and significantly reduce its consumption.

A smaller fry vat allows the same amount of product to be cooked in **40% less oil.*** Sensor-activated Oil Guardian™ monitors oil level and automatically replenishes oil from a reservoir inside the fryer cabinet. This eliminates manual add backs and results in less frequent oil disposal.

The Evolution Elite® combines reduced oil capacity with fast, easy filtering to extend oil life, improve product quality and reduce oil costs.

Filter Beacon® signals operators that a particular vat needs to be filtered. SmartFilter Express™ prompts operator to open the convenient external drain release, then drains and filters oil, rinses away crumbs and returns hot filtered oil to the vat in less than four minutes.† Other vats continue to cook uninterrupted.

Henny Penny Evolution Elite® series gas open fryers recover temperature very quickly and earn the ENERGY STAR® mark for energy efficiency.

iControl™ offers programmable operation plus a host of frying and oil management features.

Choose from 1, 2, 3, or 4-well, full or split vat configurations. Auto lift models and optional matching profile dump station available.

External drain release

Oil replenished automatically from JIB for multi-well (left) or reservoir for 1-well (right)

*Based on throughput tests according to ASTM standards.

†4 minute filtration possible when following conditions are met:

- Ambient temperatures at or above 72° (22°C)
- Drain pan temperature at or above 160°F (71°C) at the beginning of the filtration cycle
- Filtration media that has been previously saturated with oil, but not overly saturated with impurities
- Filtration media is changed at the frequency recommended for your operation

Standard Features

- Cooks the same size load in 40% less oil than standard 50 lb vat
- Oil Guardian™ automatic top off level sensors monitor oil level and add fresh oil as needed
- SmartFilter Express™
 - Filter vats individually as needed
 - Convenient external drain release, no other handles or valves, no need to open fryer doors
 - Rinse-wave action drains crumbs
 - Hot filtered oil returned, ready for drop in less than 4 minutes*
- Filter Beacon® filtration prompt
- Heavy-duty stainless steel vats with 7-year warranty
- High-limit temperature protection
- Full vat, split vat or combination
- High-efficiency burners with solid state ignition
- Auto lift automatically lowers and raises basket to begin and end cook cycle (additional charge)
- Heavy-duty basket rest removes easily for cleaning
- Stainless steel construction for easy-cleaning and long life
- 4 heavy-duty casters, 2 locking
- iControl™
 - 10 programmable cook cycles
 - Idle and melt modes
 - Load compensation
 - Proportional control
 - Filter tracking
 - Clean-out mode
 - Easy to switch language settings

Accessories shipped with unit

- Fry baskets (additional charge)
 - 1 full basket per well
 - 2 half baskets per well
- 1 basket support for each vat
- Max filter screen
- Installation and operating manual

Optional accessories

- FDS 210 fryer dump station with matching profile—can be attached
- ODS 300 50 lb oil disposal shuttle
- Fry well covers
- SmartFilter™ pads
- SmartFilter™ paper
- Oil dispensing jug

 Front 30 in (762 mm) remove filter pan
 Top 11 in (280 mm) for auto lift

Bidding specifications

Provide Henny Penny Evolution Elite® model EEG 141, 142, 143, or 144 reduced oil capacity gas open fryer designed to operate with 30 lb (14 kg) oil capacity per full vat. Unit may be ordered with full or split vat(s).

Unit shall incorporate:

- Oil Guardian™ automatic oil top off system from jug-in-box or other reservoir in fryer cabinet
- Filter Beacon® automatic filter prompt
- SmartFilter Express™ integral filtration system that filters oil from one vat while cooking continues in other vats
- Oil drain pan with 4 casters and lock-in system with sensor warning when pan is not properly locked into place
- Unit qualifies for the ENERGY STAR® mark.
- Auto lift feature available at additional cost
- Fry vats of heavy duty stainless steel with 7-year warranty
- iControl™ with programmable operation, LED digital display, idle and melt modes, load compensation, proportional control, filtration tracking, clean-out mode and multiple language settings
- 4 heavy-duty casters, 2 locking
