Multi-Purpose Holding Cabinet

MPC 1L Single module

MPC 1L modular multi-purpose holding cabinet

Henny Penny multi-purpose holding cabinets are ideal for keeping small quantities of hot menu items safe, appetizing and ready for immediate serving or packing.

The MPC 1L is a compact, modular single-drawer unit that can be placed on countertops, side-by-side or stacked. Each module represents a separately controlled holding environment. This virtually unlimited flexibility improves workflow by making popular menu items instantly accessible wherever they are needed.

Deep drawer pan is sized to accept a variety of menu items. One-piece molded construction with easy-grip handle won't interfere with crew workflow and stands up to the toughest commercial kitchen treatment.

Dimensions
