Universal Holding Cabinet

UHC-600

The Universal Holding Cabinet (UHC), developed specifically for McDonald's, seamlessly blends functionality with user-friendly technology to maintain the freshness and presentation of menu items before serving. At the forefront of its features are the crew-friendly touch screen controls, designed to be intuitive and easy to use. The ability to make swift and effortless adjustments ensures that the cabinet can be operated with minimal training. Universal Holding Cabinets are user-centric and ideal for fast-paced McDonald's kitchens, where efficiency and simplicity are key.

Universal Holding Cabinet with touch screen controls
